The BDGA plays an integral role in the local golf programs and community as a whole. Today we have great opportunities for businesses to support our historic association while reaching a specific target market. At the BDGA, we finance scholarships each year for young players in WNY with the goal of promoting the growth of the community and the game. Last year we were able to fund thirteen scholarships, contributing to a total of 263 scholarships worth over \$341,000 since 1976. We are a nonprofit organization that thrives on reinvesting contributions from local organizations and community members to make Western New York a better place. In these difficult times it is wonderful to see how many local individuals and corporations are willing to step up and make sure we meet or exceed those thirteen scholarships again this year. Please browse the following sponsorship opportunities and fill out the form on the last page if you are interested in sponsoring one of our events. If you have any questions or require further information, feel free to call or email us at any time. Thank you for your time and consideration and we look forward to hearing from you in the future,
