

THE CAUSE

The Salvation Army Red Kettle Open has brought together some of Buffalo's finest golfers and friends to support the work and mission of The Salvation Army in our neighborhoods. Since 2005, the Red Kettle Open has raised almost \$200,000 through generous Corporate Sponsors, Foursome sales and product donations. These funds support more than 19 programs and services that feed, shelter, clothe, educate, and secure employment for individuals and families in desperate need in our community.

THE COURSE

Fox Valley was designed by Tim Davis. It provides tree lined fairways, strategically placed sand traps and sloping greens, making this 18-hole course the ultimate golf experience. The 6,603-yard course opened in 1992, with a rating of 72.7 and it has a slope rating of 129.
